Subject: Re: Help for a Homeless Man - LA HOP New OutReach Request: #10777

Has any of the homeless Organizations reached out to him? It doesn't look like he's getting any help. Thanks Vanessa.

Hello everyone,

Well...well...well... Please see the attached photos (taken Mon.5.AUGUST.2019) of the referenced homeless gentleman knocking back a 24oz "Tall Boy" of Steel Reserve. Dude is CONSTANTLY DRANKING! Every time I see brother man, he is turning one up to his lips and guzzling down. He is FOREVER FADED! He STAYS SAUCED UP!

THIS is what we GET when WE live in a "swimming pool FULL OF LIQUOR" (the Foothill Blvd. corridor b/t Osborne St.and Van Nuys Blvd.)

I feel like a record on repeat. When are we going to DO something about this? We had an opportunity to eliminate two of the 5 outlets and... humph ♦ ...what a wasted opportunity!

We can and MUST DO BETTER.

Y'all gonna make me spill ALL THE TEA. This is NOT a threat. It's a PROMISE. As some of you know, this has been the bane of my existence for YEARS!

Thank you for helping me solve this problem. TOGETHER, WE CAN ACCOMPLISH GREAT THINGS!

Peace,

Good day Officers,

I have submitted a LA HOP request for the following individual:

White male, elderly, dirty, disheveled, discombobulated and drunk. I've seen him, over the past couple of weeks, just sitting on the bus stop bench drinking a 24oz "tall boy" of Steel Reserve (Happy Time Liquor is right across the street). He could be getting the beverage from Happy Time or from any of the other 4 outlets along the Foothill Blvd .7 mile corridor.

Location: The LA Metro 233/90 bus stop going North/East bound

Description of person/people's needs : Apparently, this man has an "alcoholic beverage use disorder" and is in need of serious intervention.

Please assist him in whatever way possible.

In gratitude,
